Subject: ONA patent

Dear Mr. Donatiello

We confirm the receiving of your e-mail from September 11th, 2002 and would like to express that we have defined our position in this matter with an e-mail to Joe Giannone (Ozonias North America, ONA) dated August 22th, 2002.

Further on we want to point out very clearly that the first demand for signing documents of any kind by myself was received by June 14th 2002 (e-mail from Joe Giannone), that means more than five months after Ozonias Switzerland has canceled my contract.

Therefore we recommend that you work through the whole file. From our side there is no action required before ONA has started to answer our proposal mentioned above.

Best regards

Rudolf Jenny
